

I am writing in regards to activating LPFM service that would possibly disable my local KLOVE 89.7 radio station. My family and I are Christians and depend on this station for our Christian programming. It is the only station in this area that plays "contemporary Christian" music. It is so refreshing to be able to listen to something that I don't have to worry about language or content. I know for a fact that it has made a positive impact in my family and our community.

Our community as well as our whole society is spiraling downhill morally at an alarming rate. You turn on the TV or radio nowadays and within the first five minutes you will surely hear references to sex, killing, profanity, and more. KLOVE radio and stations like it is our proverbial light at the end of the tunnel, they and their music talk of hope, peace and the love of our lord Jesus Christ. This is the kind of message that we as a society should be listening to.

The programming that KLOVE offers is a like a refreshing drink of cool water on a hot day. I was a secular "headbanger" for many years and I know for a fact that, that kind of music will get people worked-up, sexed-up, and put you in a down right evil mood. Look at our schools where that kind of music is the norm. As I said before, KLOVE offers hope. It is relaxing and at the same time exhilarating and fun.

Please don't do anything that would jeopardize this decent, wholesome radio station. My family needs it, this community needs it, and I believe our world needs it.

Thank you for listening.

Sincerely,
Clarence Champ
